

# Dosing systems

Process Control GmbH

**D**ATRIA

[www.datria.eu](http://www.datria.eu)

The company Process Control GmbH offers gravimetric dosing systems, continuous gravimetric blenders, refeed hoppers, in-line scrap recycling and more. Electronic and mechanical dosing technologies are designed to prevent deviations when dosing mixtures and to keep the set value stable.

### MAIN ADVANTAGES

- Accuracy from the very first dose
- Very easy and quick maintenance
- PLC control

### PRODUCTION PORTFOLIO

- Gravimetric batch blenders
- Gravimetric continuous blenders
- Automatic scrap recycling
- Refeed hoppers
- Powder feeders
- Additive feeders
- Software for accurate dosing
